

athometherapy
live well

Physical, Occupational, and Speech
Therapy for seniors in the comfort of
their homes.

Welcome to At Home Therapy

We are a provider of in home therapy services, including Physical, Occupational, and Speech Therapy. Because we are a home based practice all treatments are provided in the home of the patient.

Our goal is to improve our clients' ability to live an independent, healthy, and meaningful life. We focus on independence in the home as well as in the community. We also stress the importance of daily activity and lifelong wellness.

- Hip & Knee Replacements
- Unsteady Gait
- Parkinsons, CVA, MS, & ALS
- Dysphagia & Dysarthria
- Home Safety
- And More

Improving Quality of Life

Maintaining Independence

Benefits of At Home Therapy

Convenient & Effective Care.

By simplifying access to treatment we are able to ensure that therapy services are received more consistently and less likely to be interrupted. Clients who drive don't have to worry about driving across town, potentially dealing with traffic or weather issues. Those who don't drive can avoid burdening friends or family and the cost of paid transportation.

Our therapists get to know their patients, enabling them to provide individualized care, and address their specific and unique needs. Forming a personal relationship also puts clients at greater ease, enabling

them to feel comfortable during therapy sessions.

Working in the home environment also allows patients to practice in the setting where they spend most of their time. For example, they can work on climbing their stairs, rather than some other set of stairs which may be a different size, have different floor covering, and have a different railing type.

Franchising

An At Home Therapy Franchise provides the opportunity to be your own boss, set your own schedule, and experience the freedom of traveling to clients instead of spending hours in the office.
